Eligibility

The exam is available to anyone involved in the commercial collection field.

Preparation

The IACC Certified Commercial Collector Course serves as an excellent study guide for exam preparation. With the course as a PDF, the candidate can study anywhere they have computer access. Or, print it out and study from a hard copy.

Taking the Exam

Certification program candidates take the exam online in their own offices. The web-based exam is monitored by a designated supervisor. The candidate will receive his/her login ID and password from the supervisor once the candidate is ready to take the exam. The exam consists of 60 questions based on the material covered in the course and takes about an hour to complete. Once the exam is finished, candidates will receive their score and be instructed as to what will happen next.

The Certification Process

A score of 80 percent or better is required to pass the exam. Upon passing the exam, candidates will receive a certificate, an announcement in IACC's newsletter, *Scope*, and a press release for distribution to local press outlets. Those who pass the exam may indicate that they are an IACC Certified Commercial Collector on business cards, letterhead and other printed material.
